## Professional Summary

German-speaking IT Specialist with proven experience in enterprise L1/L2 support and backend development. Recognized as Best Performer of the Quarter (3 times) at HCL Technologies for consistently exceeding SLA targets and delivering high-quality technical solutions to DACH-region clients.

Experienced in incident management, Azure environments, Active Directory, and ServiceNow, with strong hands-on skills in Java (Spring Boot), REST APIs, and CI/CD workflows.

## Professional Experience

**HCL Technologies – IT Service Desk Analyst (German-speaking)** Rabat, Morocco | Jan 2024 – Present

- Deliver technical support to enterprise users across the DACH region, handling incidents related to Microsoft 365, Active Directory, Azure Portal, and Windows environments.
- Manage end-to-end incident lifecycle, consistently maintaining high SLA compliance and resolution efficiency.
- Perform advanced troubleshooting, including account management, access control, system configuration, and remote diagnostics.
- Escalate complex L2 cases with detailed technical analysis, reducing resolution time.
- Identify recurring issues and contribute to internal knowledge base optimization to enhance FCR rates.
- Awarded **Best Performer of the Quarter (3×)** for consistent high-quality delivery, SLA adherence, and CSAT.

**Cash Plus – Franchise Owner** Fez, Morocco | Jan 2023 – Feb 2025

- Led licensed branch operations, managed financial workflows, and ensured compliance.
- Delivered consistent client service while supervising transactions and reporting.
- Gained end-to-end leadership experience in a high-responsibility financial role.
